Intended (Season 1), Episode 1: 10 Years Away for 50 Years

Citations

7. Fact check - I’ve heard this from multiple sources, like Beth Snyder and otherwise. Accounts differ, but all agree that a prisoner was drinking alcohol and suffered a disulfiram reaction in prison
10. FC Note - there are conflicting data sources, dependent on what they’re measuring and it’s close anyway. Since he’s making a joke about mad men, gonna let it slide.
